Virginia Poultry Growers Cooperative Incorporates SlipNOT® Drain Covers and Floor Scales

Company: Virginia Poultry Growers Cooperative

Location: Hinton, VA

Industry: Food and Beverage

Website: www.vapoultrygrowers.com

Virginia Poultry Growers Cooperative is a turkey processing company that is committed to providing its customers with quality products at a low-cost, operating under high ethical standards and contributing to the local community. In a processing plant, Virginia Poultry required a slip resistant flooring material to be installed in various areas that often became slippery from liquids, grease, fats, water and oil. The solution needed to be sanitary, corrosion and chemical resistant for installation within the food processing environment.

The Situation:

Virginia Poultry Growers sought a sanitary, corrosion and chemical resistant, non-slip flooring solution for various areas throughout their plant. Trenches, drains and floor scales required the maximum traction possible due to the extremely slippery environment in the plant. Access liquids such as grease, fats, water, oil and other substances needed to drain regularly throughout the day. Therefore, the plant was looking for a slip resistant product to ensure safety for employees.

SlipNOT® Project Summary

- 9 1/4" x 9 1/4" 304 stainless steel plates fabricated with a 1" diameter hole
- **SlipNOT®** stainless steel plates provided Virginia Poultry with the slip resistant and sanitary flooring solution needed in the food processing plant.

The Solution:

After previewing **SlipNOT®** products at a tradeshow, the food processor contacted **SlipNOT®** for more information. A **SlipNOT®** representative worked with the customer to come up with the best solution for their needs. Virginia Poultry Growers ordered three (3) 9 1/4" x 9 1/4" 304 stainless steel plates fabricated with a 1" diameter hole to use as drain covers. **SlipNOT®** also provided Virginia Poultry Growers with various sized stainless steel plates that were used as trench covers and for drain cleanouts which are the basins where liquids and materials collect.

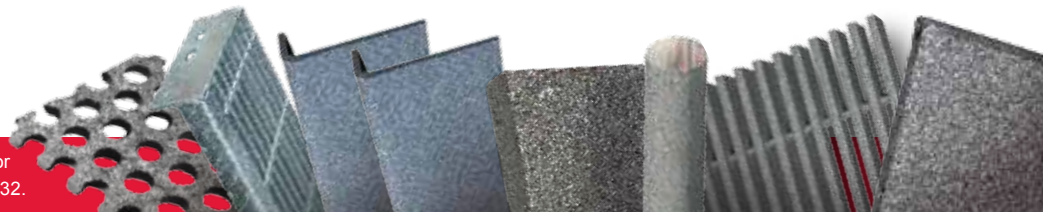

The Impact:

SlipNOT® stainless steel plate has proven to be the versatile and ideal choice for a wide variety of applications throughout the processing plant. **SlipNOT®** stainless steel plate keeps workers on their feet and operating as effectively as possibly. **SlipNOT®** continues to contribute to the quality environment Virginia Poultry Growers strives for and provides for its employees.
