

Small spend. **BIG safety steps.**

Making the financial case for safety improvements can often be challenging – especially when capital expenditures are typically investments over \$10,000 with a 2-year payback. You can take big steps for workplace safety with a small spend that fits into your end-of-year operating budget.

**Retrofit
common
high-risk
surfaces**

Stairs
Ladders
Drain & trench covers
Expansion joint covers

\$120

Average cost of a 10-foot ladder retrofitted with SLIPNOT rung covers

\$50,000

Minimum cost of just 1 slip and fall incident
